UNLIMITED DEMAND FOR RECENT MAGAZINES

Postoffice Department Makes an Appeal for More Magazines for Camps.

Postmaster C. H. Howell is making an appeal for more magazines for distribution among the soldiers at the various camps. The following letter is being sent out by him:

"The postoffice department is making an effort to secure more magazines for distribution among the soldiers at the various camps, where they can be used to good advantage. For the purpose of getting a line on local conditions, a letter was addressed to Dr. C. H. Howell, M. C. A. at Fort Oglethorpe, and he states that they have an almost unlimited demand for magazines. They use them not only in the Y. M. C. A. buildings, but furnish them for use on transport trains taking troops to the various points of embarkation. They can helpfully use additional reading matter, and I suggest that your paper could be of great assistance in bringing this matter to the attention of the people of Chattanooga. Kindly request that when they finish reading the Literary Digest, Saturday Evening Post, and other good publications carrying interesting news matter and wholesome fiction, that they just affix a 1-cent stamp and drop the magazine in the postoffice. All magazines received at this office are sent to Chickamauga park for distribution by the various Y. M. C. A. and other patriotic organizations."

Summer Girl's Native Costume

(By Betty Brown.)
Think "summer girl"—and see if the idea of crisp white organdie does not flash into your mind's eye. Certainly it does! White organdie and pink and blue sashes are the perfect expression of the girl's own fresh loveliness—and here we see a summer costume designed by an artist who knew her model and her material. This is a separate organdie blouse with tiny frills and tuckings, and a separate skirt of white organdie rather heavily embroidered as to hem and pockets. They are linked by a rosette-colored sash of organdie, and of impressive size as to bow, and a rose-colored hat and parasol completes the subjugation of all beholders.

An ice course was served.

The guests were Misses Margaret Brown, Lucia Whitaker, Grace Hayes, Charlene Tallafiero, Monnie Frisbie, Rita Phillips, Inez Brown.

DELEGATION OF GIRLS GOING AWAY TO SCHOOL

Many Take Up War Work Instead—Some Enter List of Red Cross Nurses.

With the glad vacation times over and the days of the "good old summer time" nearing the close of their season, the more sober thoughts of returning to school are presented, especially with those who have been in the habit of going away to boarding schools and colleges. However, some of the girls have given up their opportunity of returning to school and have entered active war work. One will leave next month, not to return to the college where she only has two more years to finish her course, but to go to Washington as a Red Cross nurse. Any number of the college boys are already in the service of the American army.

A partial list of where some of the girls will go is given as follows: Miss Helen Thompson will leave Monday to re-enter Miami university, at Oxford, O. En route she will stop over in Hamilton, O., to spend a week with a college friend. This will be her last year at college.

Miss Isabelle Griscom and Miss Emma Burgess will go to this same college later. Miss Lucille Jahnske and Miss Rogers will attend Western college, in Oxford, O., leaving about Sept. 7. Miss Louise Frazier will return to Randolph-Macon college, at Lynchburg, Va. This will be her last year at college.

Miss Rebecca Mathis goes back to Smith college, in Massachusetts. Miss Dorothy James will go to the latter part of September to Washington to enter the Federal school there. Miss Harriet Hood will leave early in September to enter Shorter college, at Rome, Ga.

Miss Helen Newell will go to Maryville college. Miss Era Card will go back to Maryville. Miss Ida Gilbert will take a course in the Cincinnati Conservatory of Music.

Miss Arwin Preston will go to Princeton, N. J., to enter the School of the Four Seasons. Mrs. Preston will accompany her, leaving here Oct. 1.

Miss Meriel Wood and Miss Reba Palmer will go to Mount Holyoke, South Hadley, Mass., leaving here about Sept. 14. Miss Laura Voigt will go to St. Cecilia, in Nashville.

Miss Lucille Thomas will go to Shorter college, Rome, Ga.

Miss Estelle Bunn Enlists as a Nurse

Miss Estelle Bunn, formerly of Chattanooga, now of Birmingham, has enlisted as a Red Cross nurse, and will leave the middle of September for Washington where she will take four months' training. Miss Bunn is visiting relatives and friends in the city. She is the week-end guest of Miss Frances Blair.

Her father, O. L. Bunn, was formerly secretary of the chamber of commerce. Her advantages and aptitude in whatever she undertakes, besides stability in judgment, will make her a valuable member of the governmental staff of nurses.

Mrs. O. L. Bunn is the guest of Mrs. Herbert Bushnell and Mrs. A. C. Foust.

AUTO CLUB TO DISCUSS FUEL DIRECTOR'S ORDER

Relation of Automobiles to Labor Also to Be Discussed at Meeting.

As there has been considerable newspaper discussion as to regulations and requests coming from the fuel administrator, the federal labor administration and the draft boards pertaining to the use of repaired automobiles and motor trucks, the meeting of the Chattanooga Automobile club at the Hotel Patten tonight will be devoted to the discussion of these subjects. At the invitation of the club, Jack Horton, of the federal labor bureau, will address the club members on the aims of the federal labor administration and how the automobile owners can best co-operate with them. The talk of Mr. Horton will be of special interest to all employers who have been invited to attend the meeting. A special invitation has been extended to the members of the Chattanooga Automobile association of dealers and garage men.

The request of the federal fuel administration to lay up all pleasure cars on Sundays until further notice has caused considerable speculation among members of the club as to how they can adjust themselves to the new program. Every club member expressing an opinion regarding the regulations has been prompt to preface his remarks by stating that he would give strict observance to the request. A prominent business man stated that the government need only suggest how he could help. He said the government could have everything he has, if it needs it. "Certainly, I would complain at the little inconvenience of being deprived of a Sunday ride, when many other men are making real sacrifices that the allies might more speedily win the war," he seemed to be the general attitude of motorists.

At the meeting of the club tonight a detailed report will be made by the committee which went to Birmingham last Thursday to help organize the Birmingham Automobile club. The new organization under the direction of the Chattanooga club has started out in a big way and promise to be one of the best clubs in the south. The president of the club has advised the local organization that, in company with his secretary, he will come to Chattanooga to get complete information regarding the automobile school and the organization of the faculty of the school. Joe Lessig, one of the best known expert automobile men in Chattanooga, who is now in the motor truck department of the quarter master's corps at Camp Porter, will have charge of the thirty-minute devoted to roadside emergency repairs. Mr. Lessig is regarded among the automobile men as being a wizard at locating trouble.

The school will be held as usual, notwithstanding the meeting of the Chattanooga Automobile club at the Hotel Patten at the same hour, and all those attending the classes are requested not to desert the class for the club meeting.

MERCHANTS TO MEET FRIDAY MORNING

C. C. Gilbert to Talk at Chamber Commerce on Vital War Matters.

Every merchant in the city has been urged to attend a meeting at the chamber of commerce tomorrow, Friday, afternoon, at 4:30 o'clock. The meeting will be addressed by C. C. Gilbert, chairman of the mercantile economy section of the Council of National Defense. Mr. Gilbert has been well known in Chattanooga for a number of years as secretary of the State Manufacturers' association. In his connection with the Council of National Defense, he has an interesting message for the merchants. The invitation to the meeting tomorrow is a general one, and no attempt has been made to reach by letter the merchants who are not members of the retail association. The members have been addressed a letter by President Hardie, in which he emphasizes the importance of the meeting, concluding with the following words:

"The subject is an important one, and I trust that the proprietor of every store will make it a point to attend this meeting, even if it means a little inconvenience. We should do everything in our power to keep in touch with what the government expects of us, so as to be able to carry out its wishes."

Mr. Gilbert is expected to arrive early Friday morning. He will be at the fuel meeting at 10 o'clock, and it is understood that he has some other meetings between that and the one at 4:30.
